SONG COMPANION

How to Practice with Music

A simple method for turning any song into a listening lesson.

- ✓ Listen once with no lyrics — just catch what you can.
- ✓ Listen again with the lyrics in front of you (search "[song] letra").
- ✓ Circle 3-5 words or phrases you didn't know.
- ✓ Listen a third time and sing along, focusing on those words.
- ✓ Add the new words to your log above.

Brazilian genres to start with: MPB, sertanejo, funk carioca. Portuguese/Fado for European Portuguese listening practice with clearer, slower diction.
